

NASNEWS

Newsletter of the Northamptonshire Archaeological Society

Website: www.northants-archaeology.org.uk

July 2012

Our intention was to get this newsletter out for the beginning of July to cover all events of the Festival of British Archaeology, but we haven't quite made it and the annual English Heritage extravaganza at Kelmarsh Hall will already have happened the weekend before this arrives.

THE JOURNAL: NORTHAMPTONSHIRE ARCHAEOLOGY, VOLUME 37

The delay to the newsletter was caused by the need to get the journal completed and off for typesetting to ensure that it will be ready for the AGM in November. That has now been achieved, so all members will have a journal at the end of the year.

For the first time we have managed to create a journal built around a theme: Neolithic and Bronze Age Northamptonshire. An introductory essay is followed by several articles reporting sites and finds ranging in date from the Middle Neolithic to the dawn of the Iron Age, including the first reporting of an exceptional Middle Neolithic pit deposit at Banbury Lane, Northampton containing the partial disarticulated bones of perhaps some 130 people.

The second half of the volume contains the more usual mix of articles, ranging from the most recent trial trenching at Hunsbury hill, through the interpretation of the 12th-century tympanum at Pitsford Church, and ending with another in our developing series on recent buildings, an account of a group of World War II Nissen huts at Chelveston airfield.

There will also be a Notes section covering the work of the Finds Liaison Officer (FLO) and recent publications, and Archaeology in Northamptonshire will summarise work around the county through 2010 and 2011.

We hope in future volumes to be able to continue to devote at least half the journal to a period theme, and already have outline plans for Iron Age and Roman volumes, and a medieval volume perhaps focussing on the archaeology of Northampton.

SUMMER EVENTS

CBA

**Festival of British Archaeology
Saturday 14th to Sunday 29th July**

Archaeological allsorts

Sat, 21 July; 09.30-16.30

Higham Ferrers Archaeology and Research Society (HiFARS), with Northamptonshire Archaeology and the Finds Liaison Officer - displays, hands-on fun, tours of the Castle fields. Free admission.
